THOUGHTS FROM:  
Lifelong Learners

"I love going to class, I like the routine and the socialization. I love to learn new things, what may start as a passing interest can take flight and become a passion, something to get excited about."

"It’s been a very long year. We have missed the fellowship that comes with gathering face-to-face. Community education is more than just academics, it’s an important social outlet to stay connected. I can’t wait to get back to the classroom."
